

## **Whynter LLC Gives Back to Our Community with Donation of Portable Air Conditioners**

### **FOR IMMEDIATE RELEASE**

BREA, CA August 14, 2020- Whynter LLC, a leading manufacturer of specialty home appliances is giving back to the community with donations of portable air conditioners during this heat wave.

An excessive heat advisory has been issued for Los Angeles area from now until August 19<sup>th</sup> Wednesday. The National Weather Service recommends staying in air-conditioned spaces and out of the sun. Libraries and other public spaces that typically provide those cooler conditions for people remain closed due to the pandemic. The extreme weather could be a safety issue for people without access to air conditioning and Whynter is taking steps to help address the situation where possible.

If your charity or non-profit organization is in need of portable air conditioners, please contact us at [giveback@whynter.com](mailto:giveback@whynter.com).

“As the pandemic continues, it is even more important to help our community by utilizing our resources wisely. Whynter is motivated about this donation because we understand that nothing is more important than having a comfortable and healthy environment when we all staying at home.” said Rachel Lee of Whynter LLC.
